FAQ

Do We Need To Bring Anything For Our Sessions?

You don't need to bring anything other than yourselves and your smiling faces. An hour session is usually enough time to do an outfit change halfway through if you'd like. Just know you're at the mercy of the location on whether you'll have a place to change or need to change in your vehicle. Another option is to bring different layers that are easy to put on/take off, and place the extra items in a bag that we can carry around.

Depending on where we go, make sure you have a pair of shoes/boots you feel comfortable walking in. We won't do any sweat inducing hikes, but we may take a detour off the main paths, or simply need to walk a bit to get from location to location. Once we're ready for photos again, you can switch back to the shoes you want in photos.

Aside from clothing options, feel free to bring any items or props you'd like to incorporate into photos. Avid readers? Bring your favorite books and we'll find a shady tree to sit under. Like to fish? Bring the poles and let's head to the lake. Again, it's really up to you. Regardless of what you bring, we'll have a great time and capture some fun moments.

Can We Share Ideas?

Yes! We love collaborating with our couples. If you want to share a Pinterest board or have any links you want to share, we're happy to incorporate them into your session. We do have a base list of poses and shots we like to get that are generally liked by couples regardless of comfort level in front of a camera, and we'll adjust as we get to know you more, but if you already have shots in mind, send them over!

FAQ

Can We Bring Pets?

Of course! Just make sure to let us know ahead of time, so we can plan for it. For pets that can't be crated, we suggest bringing a handler with you, who can watch your pet while we do photos. Dogs especially hate not being part of the action, and it's a tremendous help to have an extra set of hands when trying to get some photos of just the two of you together.

Where Do You Typically Go For These Sessions?

It's completely negotiable. We'll travel within a 60 mile radius from Bellevue, Nebraska for an hour couples shoot. If you already have a place in mind, or own some property that would be great in photos, we can go there, but if you're not sure, we can give some recommendations if you let us know the vibe you are looking for (wooded, want to be near water, city, nature). Our current favorite locations are:

- Chalco Hills Rec Area, Omaha, NE
- Swanson Park, Bellevue, NE
- Elmwood Park, Omaha, NE
- Pioneers Park, Lincoln, NE
- Downtown Omaha

How Long Does It Take To Get Our Photos Back?

Photos from these sessions are typically delivered within a week. Once your photos are ready, we will send you a link to your gallery, along with your password, where you will be able to download everything and have the option of purchasing physical prints.

FAQ

Are There Cancellation Fees Or Fees for Rescheduling?

We want to be as accommodating as possible, so if the weather doesn't work out, or there's an emergency, we're happy to reschedule to the next available date without a fee. Cancellations will result in a forfeiture of the deposit, but any additional payments will be refunded.

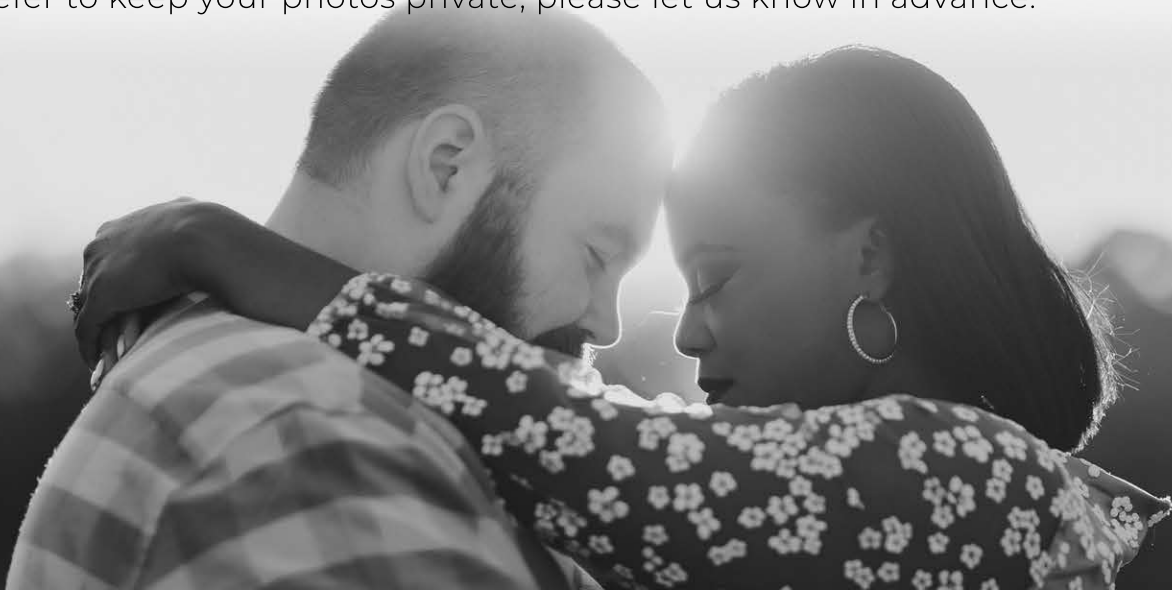

Are We Able To Share Our Photos Online And Make Prints?

Of course! Once you have your photos, you are free to share them, post them on social media, and if you wish to make physical prints of your photos, you will receive a Print Release allowing you to do so. The only restriction we have in place prevents clients from profiting from delivered photos (selling their photos or entering competitions without our permission). These situations aren't common, but if they come up, we just ask that you reach out first.

How Do You Use Photos From Couples Sessions?

As a photography business, being able to show off recent work is a must have when reaching out to potential clients. With this in mind, we do share some photos on our website, social media, etc. We have examples of the types of photos we like to share on our website. We aim to be respectful of our clients, so nothing embarrassing or controversial will be shared, but if you prefer to keep your photos private, please let us know in advance.

FAQ

How Do We Book?

The booking process is very simple. First, we'll go back and forth to figure out a location and time that works for everyone. Once we have that figured out, we'll send over an invoice for your deposit and session fee. After the deposit is in place, we're booked! If you have any questions from that point on, feel free to reach out, otherwise we'll reach out again as we get closer to confirm the session. The remaining balance is due after the session is complete.
